### **“Tips 4 Skills: Skills Sharing Gathering”!**

On 23 October 2014, CORE-VET successfully concluded with a highly interesting and engaging meeting of professionals of the Tourism and hospitality sector. The **“Tips 4 Skills: Skills Sharing Gathering”** - held in Athens – was attended by **more than 230 entrepreneurs, students, and sector’s employees** of all levels, ranging from hotel owners and managers, travel agencies, to the hard working staff in all positions. All of them shared a common interest: building and pursuing a career pathway in one of the most thriving industry sectors in Europe.

Tips 4 Skills was addressed to everyone working or wanting to build a career in the tourism and hospitality sector. It was designed to provide the unique chance to meet and listen to experts from the sector and understand what really has contributed to their success. The speakers covered thus a broad range of representatives: From schools, education and skill training, to experienced and successful restaurant, bar or hotel owners and managers as well as employees with decades of work experience. The meeting was moderated by Mrs. Olga Stavropoulou, President of Militos Consulting S.A.

The conference introduced an innovative new speaking model: **True Talks®**. This innovative public speaking model, an inspiration of the team of Militos Consulting S.A., was created as a conference presentation tool for achieving productive public training through direct communication with the professionals in the field of tourism and hospitality. The purpose of the model is focused on the ability of the audience to develop and demonstrate skills via outstanding and practical advice (tips) given by professionals.
